

ALBUM CV

Engineer, Mixer, Scoring engineer

Malgré son attachement certain pour l'orchestre, sa facilité d'adaptation et son expérience technique lui ont permis de collaborer à des projets les plus variés : crossover acoustique (**Charles Aznavour, Roberto Alagna**), jazz (**Edouard Bineau, Dominique Fillon, Vince Mendoza**), vocaux (**Lara Fabian, James Blunt**), variété (**Patrick Bruel, Florent Pagny**), electro folk (**Balmorhea, Tunng**).

Durant ses dix dernières années, Stéphane a collaboré avec des arrangeurs orchestrateurs talentueux tels que : **Pierre Adenot, Jean François Berger, Gérard Bikialo, Yvan Cassar, Franck Eurlly, David Hadjadj, Vince Mendoza, Sébastien Surel**.

Ses collaborations successives, notamment avec **Jean Michel Jarre**, l'ont emmené en **Egypte**, en **Chine** et plus récemment en **Pologne**.

Installé à Paris, Stéphane travaille régulièrement aux **studios Davout** et aux **studios Oméga**. Mais il n'est pas rare de le croiser dans des studios étrangers de renommée internationale tels que **Air studios, Abbey Road, Galaxy Studios**.
